## Arletta Mae (Casberg) Rasmussen

Arletta Mae (Casberg) Rasmussen passed away on January 9, 2025 in Burien, WA, with family by her side.

Arletta Mae Rasmussen was born on May 17, 1934, and raised in Clayton, WA. She graduated from Deer Park High School. Arletta first met her husband, Myron, when they both worked on her grandpa's farm as teenagers. Myron admired Arletta, this hard-working beauty who proficiently drove the tractor during hay-baling. During senior year, Arletta asked what he wanted for his birthday, she granted his wish when they were married on his birthday, August 8, 1952.

Arletta was a loving wife and mother who gave birth to Sharlene, Myrna, Terry, and Timothy. Her dedication and loyalty were seen as she worked to help support her family at Eastern Washington University, where Myron went to college on scholarship. Arletta worked at Seafirst Bank in Maple Valley, but resigned when she was a robber's targeted bank teller for a second time. She then did payroll at Tukwila City Hall.

Life's adventures and job opportunities took Arletta and family to Cheney and Deer Park, Washington; Hobart, Oklahoma; Grandview, Idaho; and Maple Valley, Auburn, and Renton,

Washington. Arletta and Myron moved to Riyadh, Saudi Arabia with Boeing for 4.5 years. They led an underground church in Riyadh and did short-term missionary outreaches in Canada and Fiji.

Arletta's love languages were hugs, kisses, and quality time spent with family and friends. Arletta and Myron team-led Bluebirds, Campfire Girls, and Cub Scouts; and attended family's sporting events. She raised many farm animals, and loved to garden and share farm-to-table home-cooked meals with loved ones. Arletta enjoyed The Great Outdoors in many ways; most concluded with visiting and warming up by a "Rasmussen bonfire". She had a great passion for playing cards and board games and the children of family and friends. Arletta read God's Word every day, shared Jesus' love, and was active in church life wherever they lived.

Arletta was survived by her daughters, Sharlene Bielefeld and Myrna (husband Ron) Eller; her son Terry (wife Michelle) Rasmussen; grandchildren: Tracy, Brad (wife Erica), Amie, Heather (husband Ben), Anna (husband Josh), Gabe (wife Erica), Heidi (husband Doug), Garrett (wife Nicole); seventeen great grandchildren, one great great grandchild, numerous

siblings-in-law, nieces, nephews and friends. She was preceded in death by her husband, Myron Rasmussen; parents, Edward and Dorothy Casberg; sisters, Evelyn Whitmore and Gerry Evans; brother Dick Casberg, son Timothy Rasmussen and son-in-law Mark Bielefeld.

Arletta's big, welcoming smile and open arms, warm heart, kindness, love, generosity, and joy will be missed.

We welcome family and friends of Arletta to join us for her Celebration of Life at 11:00 AM on Saturday, February 15th, 2025, at Generational Hope Church (26040 SE 216th St, Maple Valley, WA 98038). Dessert reception to follow.

# God Hates?

Proverbs 6:16-19 says, "There are six things which the LORD hates, Yes, seven which are an abomination to Him: <sup>17</sup> Haughty eyes, a lying tongue, And hands that shed innocent blood, <sup>18</sup> A heart that devises wicked plans, Feet that run rapidly to evil, <sup>19</sup> A false witness who utters lies, And one who spreads strife among brothers." Yes, God hates. He hates evil. Now, this is not a complete list but rather a Hebraic form of writing to bring emphasis. The first six seem to lead to the seventh. God hates the one who stirs up strife and all the actions that achieve it.

Though this list is not exhaustive, it reveals what God sees as evil. This being the case, the opposite should be true of those who claim to be followers of Christ. Several Scriptures make this clear. Psalm 97:10 says, "Hate evil, you who love the LORD." Amos 5:15 says we are to "Hate evil, love good, and establish justice..." and Proverbs 8:13 tells us that "The fear of the LORD is to hate evil." The real question is, "What is it that you or I hate?"

God is not telling us to be perfect because we cannot. However, if our lives are characterized by the things listed in Proverbs 6:16-19, we cannot say we love the Lord. God hates evil, every form of it, and so should those who love Him.

Knowing this, we must understand that God will judge all sin, meaning he judges all men, for "all of have sinned..." - Romans 3:23, and the "wages or consequence of sin, is death." Romans 6:23, meaning eternal judgment. This sounds bad, and it is, but God does not leave us here - Romans 6:23, "The wages of sin is death, but the free gift of God is eternal life in Christ Jesus our Lord." This is good news! In Christ, we can be forgiven of all our sins. Jesus took upon himself the judgment for sin and offers forgiveness to those who repent and believe. Notice how clear the Bible makes this, telling the sinner, "that if you confess with your mouth Jesus as Lord, and believe in your heart that God raised Him from the dead, you will be saved; 10 for with the heart a person believes, resulting in righteousness, and with the mouth he confesses, resulting in salvation. 11 For the Scripture says, "WHOEVER BELIEVES IN HIM WILL NOT BE DISAPPOINTED." - Romans 10:9-11.

# When Coal Was King

By Bill Kombol

When this colorized photo was taken in June 1932, there were two circuitous ways to travel between Black Diamond and Enumclaw. Each involved crossing the Green River. One route crossed the Whitney Bridge and climbed up the Enumclaw Plateau to dairy farms that dominated the landscape. The other course traveled east past the abandoned town of Franklin, passing over the Green River Gorge Bridge, then headed south along the Enumclaw-Franklin Road.

Fifteen months later a new road, called the Kummer Cut-off provided a direct connection and became King County's highest bridge. It stretched over two football fields long and crossed steep canyon walls as it towered 15 stories above the rushing waters of the Green River. The Kummer Bridge on State Route 169 cut the travel distance by four miles. Today it sees typical daily traffic volumes of 10,000 to 15,000 vehicles. During the 1932-33 construction of the Kummer Bridge, Thomas Blum, a licensed surveyor who also served as King County's bridge inspector, periodically snapped photos to document construction of the new route.

This picture looking north along Highway 169 was taken where vehicles first enter Black Diamond, when coming from the south. The view is just before passing Jones Lake. In the upper right-hand corner, just below the skyline was the Old Lawson railroad trestle that connected the coal mining towns of Black Diamond and Franklin. The branch rail line was abandoned two years later in 1934. The grassy fields on either side of the road have been owned by the Banchemo family since the early 1920s.

The John Ottesen Construction Co. of Seattle was awarded a \$37,000 contract to build the two-mile section of road between Black Diamond and the future bridge. The Union Bridge Company of Portland won the \$95,500 contract to erect a 688-foot-long cantilevered design comprised of steel trusses held aloft by support towers resting on enormous concrete foundations.

Though King County funded this section of the road and bridge, the entire route's 25-mile length from Enumclaw to Renton was incorporated into Washington's transportation network in 1937 as Primary State Highway No. 5. It was renamed State Route 169 in 1964. However, between Nov. 2008 and June 2009, the Kummer Bridge was closed during an emergency reconstruction project after the discovery of major ground movements on the Enumclaw side. The \$10 million project included a new retaining wall and was financed with funds from the federal government.

Officially the bridge is called the Dan Evans / Green River Bridge. But its common name, Kummer came from a small clay mining that was founded by the Puget Sound Fire Clay Co., and absorbed by the Denny-Renton Clay & Coal Co. around 1892. George W. Kummer was their ceramist, engineer, and one of the first to realize the site's potential. Mr. Kummer later became the company's sales manager. In later years coal was mined in and around Kummer with some of the production burned on-site to fire the clay.
